“I enrolled in AeU’s Early Childhood Education programme due to its flexibility, accessibility and affordability. The rigorous curriculum is constantly updated to reflect the evolving industry in Early Childhood Education. The course has improved my self-confidence and time management in my attempts to balance work and study.”

Dinitha Darseni
Student, Malaysia
Bachelor of Education (ECE) (Hons)
Educator, Taska Day Care Center,
Genting Highlands

The programme is designed for those who want a comprehensive teaching degree that will assist them in building successful careers in the early childhood education sector. Young and developing children require educators who are able to provide appropriate care and education for them. The significance of having qualified and trained ECE educators is now accepted by young parents, policy makers and society at large.

LEARNING OUTCOMES

- Demonstrate knowledge and understanding of the core knowledge areas.
- Apply knowledge and understanding to provide developmentally appropriate learning experiences for children’s development.
- Engage families and communities in enhancing quality early childhood education and care.
- Practice professional values, attitudes and ethics.
- Communicate effectively with children, colleagues, families and the community.
- Apply problem solving, self-reflection, scientific skills and creative thinking in the care and education of young children.
- Resource, select, analyse and apply information to enhance early learning and self-development.
- Exhibit managerial and entrepreneurial skills in early childhood settings.
