SCHOOL OF GRADUATE STUDIES

PhD (Business Administration)

(R2-DL/345/8/0304) (A9150) (04/25) FA

The PhD (Business Administration) programme is specifically designed for those who want to synthesise knowledge and contribute to original research that broadens the frontier of knowledge in business and administration. Graduates of this programme are able to appraise problems in business and administration critically using scientific skills, adapt practical skills leading to innovative ideas, provide expert advice to society, and display leadership qualities through communicating and working effectively with peers and stakeholders. They are poised for upper-level positions whether in organisations, consulting or academia, and are expected to contribute towards improvement in their places of employment and to the nation.

I commenced my PhD studies with AeU in 2014 and took pride for being the youngest graduate to earn a PhD degree in 2017 at age 27 while working as an academician. I was able to complete my PhD in time under the guidance of an experienced eminent supervisor. AeU's excellent online learning platform serves as an icing on the cake because it enables exploratory and effective learning to take place with ease and flexibility beyond any boundaries. Adding glitter to gold, AeU met all my expectations. It is a journey of self-discovery, personal transformation and self-development. I had gained a wealth of new knowledge, developed good management and critical thinking skills.

Dr. Owais Shafique
