

Earn Masters online

ASIA e University (AeU) offers several online education programmes designed to furnish students with the skills to succeed in life. These comprise a rich curriculum that cover theory, research, policy and practice across the global field of study. Students also gain insights into teaching and learning methodologies designed to support collaborative and dialogic learning, and make headway in shaping the future of education.

The Online Master of Education (Online MEd) suits those from a diverse range of professional and career backgrounds, as well as those involved or interested in leadership and management education. Students with limited prior experience but keen to improve and those seeking to elevate their careers will find this programme effective.

The programme consists of 9 + 2 courses, including a project paper from a selected choice area of specialisation which includes Early Childhood Education, Teaching English as a Second Language, Educational Management, Educational Psychology, Instructional Technology, Curriculum & Instruction, Assessment & Evaluation, Science Education, Mathematics Education and Teaching Bahasa Malaysia.

Course completion is from as quick as 18 months, stretching to a number of years – flexibility makes it ideal for those with family, domestic and work

commitments. The course is delivered via myPLS, a software that gives 24/7 access to learning materials from anywhere and anytime. It contains all modules, learning materials, schedules and forums, and is mobile friendly, interactive and collaborative.

“Online MEd is not a campus-based programme we’ve just put online; we’ve built this from the ground up, taking on board the current online environment and latest technology available,” says School of Education & Cognitive Science dean Prof John Arul Phillips.

The bottom line – you don’t have to quit your job to get your MEd. Apply now to grab the Merdeka Special fee of RM8,800. For details visit www.aeu.edu.my/med
